“One always measures friendships by how they show up in bad weather”
Winston Churchill 1948

**Captain Greg Corrales
Commanding Officer**

Captain's Remarks:

As I'm sure you all know, early Tuesday morning three of our officers were injured in a car crash, as they were rushing to a call of a man with a knife. Two of them have been released from the hospital and we are confident that the third will make a full recovery from his serious injuries. Thank you for your continued positive thoughts and prayers for the officers.

DON'T BE A TARGET

Robbers and thieves are targeting people with iPhones and IPODs. Avoid displaying or using them in public, ESPECIALLY ON MUNI!!! To maximize your personal safety, take a minute to plan and prepare for safety before leaving your home.

- Digital music players and cell phones are a common target of thieves and robbers. Wearing headphones and ear buds greatly reduce your ability to hear and distracts you from potential dangers.
- Limit your valuables by carrying only what you need.

- When on the street, be ALERT and AWARE at all times. Keep good eye contact with the people around you. Walk with confidence and purpose. Most victims will be targeted because they appear not to be paying attention to their surroundings.
 - A handbag or book bag with a strap should not be worn across the body. It should be carried under the arm and released if grabbed. This will prevent your body from being pulled to the ground.
 - If taking public transportation, have your money or Fast Pass ready. Do not fumble with your wallet; you might draw attention to a pickpocket.
 - Trust your instincts. If you feel uncomfortable or threatened by another person(s), seek help immediately. A whistle is a great device to have when you need to call attention to yourself.
-
- Los aparatos de música digital son blancos comunes de los ladrones y rateros. Llevando puestos los audífonos se reduce mucho su capacidad de escuchar y le distrae del peligro posible.
 - Limite sus cosas de valor, llevando solamente las que se necesitan.
 - En la calle, manténgase alerta, consciente de sus alrededores y circunspecto en todo momento. Camine con decisión y confianza. La mayor parte de las víctimas son seleccionadas porque no parecen hacer caso a sus alrededores.
 - Una cartera o bolsa de mano o de libros con correa no debería ser llevada a través del cuerpo. Debería llevarse debajo del brazo para soltarla si de esta manera se puede evitar ser tirado al suelo.
 - Si toma transporte público, mantenga su dinero o “Fast Pass” listo. No busque con tanteos en la billetera; puede llamar la atención de un ratero.
 - Confíe en su instinto. Si se siente incómodo o amenazado por otra(s) persona(s) busque ayuda de inmediato. Un silbato es un gran aparato para tener cuando necesita llamar la atención hacia usted.
